Alliant Solutions LLC is a joint venture (JV) comprised of seven highly qualified mid-tier company members. By coming together as a JV and acting as a single prime contractor, Alliant Solutions LLC offers benefits generally associated with typical "IT Top 100" firms, such as consolidated contract administration and depth and breadth across all technical areas, while still possessing the agility and innovative culture typical of a "small" company.

Alliant Solutions provides GSA and its customers the combined financial strength, management processes, and personnel resources of seven proven mid-tier businesses. The seven JV members have established business relationships under existing IT contracts, and have been in business as Alliant Solutions, LLC, since October 2006. Alliant Solutions, LLC, is a legal entity with a Federal Tax Identification Number and is listed in the Central Contractor Registration (CCR).

Alliant Solutions will deliver GSA substantial economies of scale—leveraging existing contract management infrastructure, consolidated financial capabilities, and low handling costs for our members. Alliant Solutions is the best value and least risk for meeting GSA's needs.

The Alliant Solutions JV is composed of:

### **Pragmatics, Inc.**
